# OUR COMPANY

Cadence Vacations Center is a family owned and operated boutique B2B DMC based in Cairo, Egypt, with a satellite office in New York, USA.

We are a highly specialized travel company providing expert services and professional planning and implementation of every aspect of a tour or event program in Egypt, Jordan, Saudi Arabia and Lebanon. Our in-depth destination knowledge as well as close relationships with local resources allow us to create incredible tour packages for our customers.

As a B2B-only DMC, we offer exclusive service to our travel advisor and tour operator partners, providing commissions up to 25% on all of our amazing Small Group Tours. Our specially tailored private tours are offered at NET rates, so that you may add your own commission amount.

If you or your clients are planning a business or other type of event, we are able to assist with coordinating meetings, galas and conferences, providing all hospitality-related services such as meet and greets, transportation, hotel and cruise accommodations, restaurant reservations, activities, and securing venues. Working with us results in special rates for your event as we leverage our purchasing power to negotiate with local suppliers and vendors.

# OUR GUIDES

Our team of wonderful guides has many years of collective experience in the tourism field. For more than 32 years, our staff has been working on understanding the motivations and expectations of our customers to guarantee the best quality service.

We are proud to hire professional and passionate Egyptologists, University professors and PhDs. They are the most knowledgeable, experienced team in the field and you definitely feel it the moment you meet them!

# OUR LEADER

Cadence Vacations Center's founder and CEO, Mr. Yasser Salah, holds a BA from the Faculty of Arts, German Language Department, Ain-Shams University in Cairo. Within his years of education, he was rewarded a one-year scholarship to study language literature at Essen University, Germany. He graduated in 1989.

In 1990, Yasser began working in the tourism field, quite by accident, when he was asked to lead a group of German travelers for a local tour operator. He enjoyed working with his guests and chose to become more involved in the industry, in tour leader and general manager positions with companies such as Cosmos, Right Travel and Flo Tours.

Believing he could ensure higher quality, more unique and special experiences for travelers, Yasser decided to open his own DMC, and Cadence Vacations Center was born. Over the last 10+ years, CVC has worked with thousands of travel advisors designing amazing adventures for their happy clients.

Yasser enjoys attending travel and tourism trade shows and conferences around the world, giving him the opportunity to meet and develop special relationships with our valued travel advisor partners. You may have seen him at such events as ITB Berlin, representing his DMC.
